Status Report - Efficiency Correction

Steffen Maurus

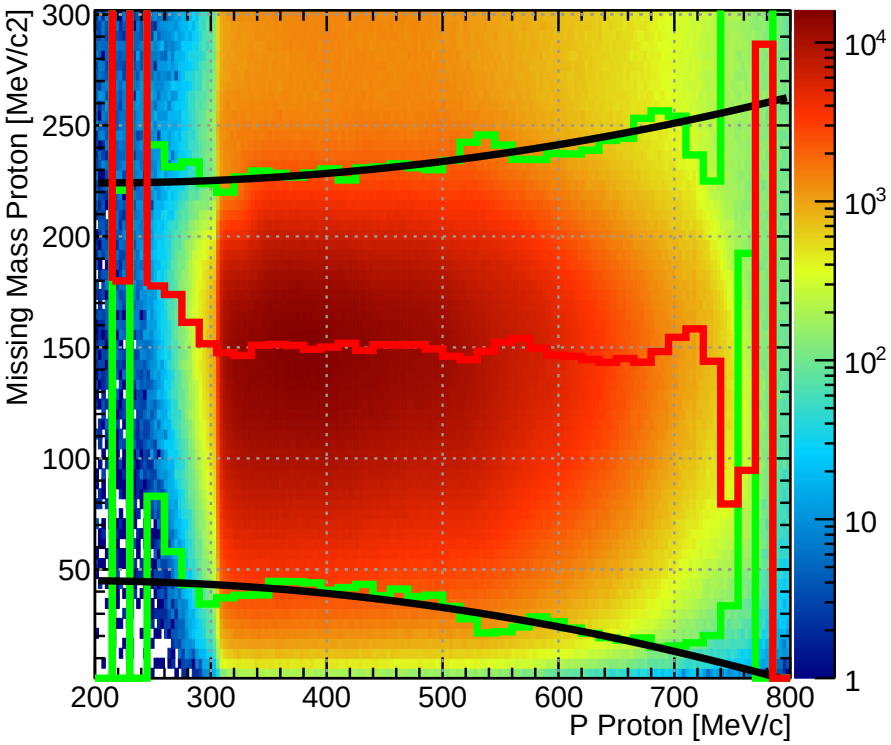
June 16, 2016

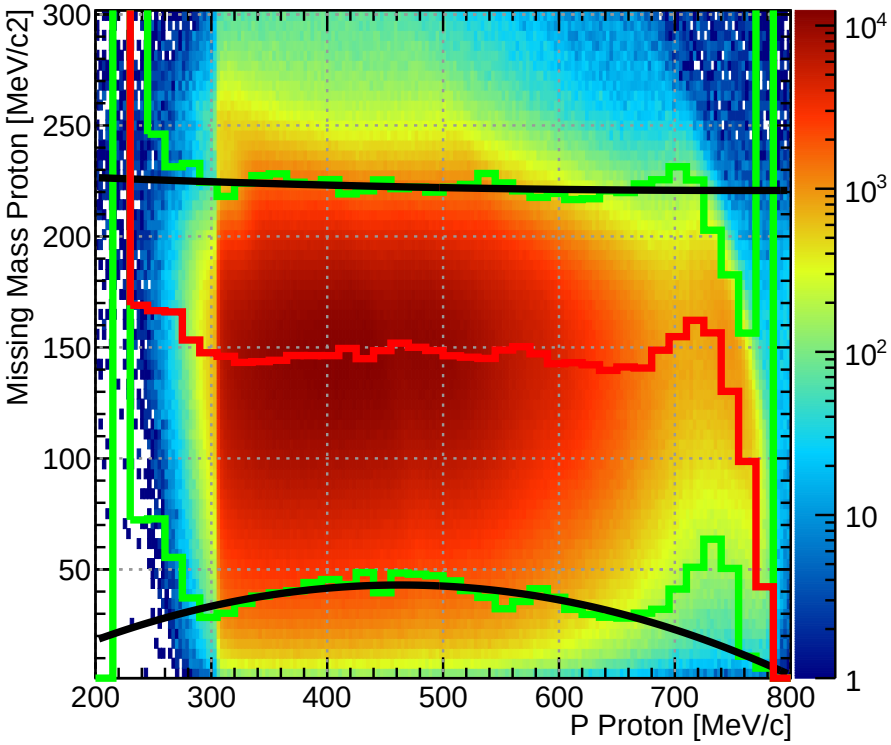
Introduction

- full track with meta hit
- meta hit in expected region (fill expected yield)
- search for second track

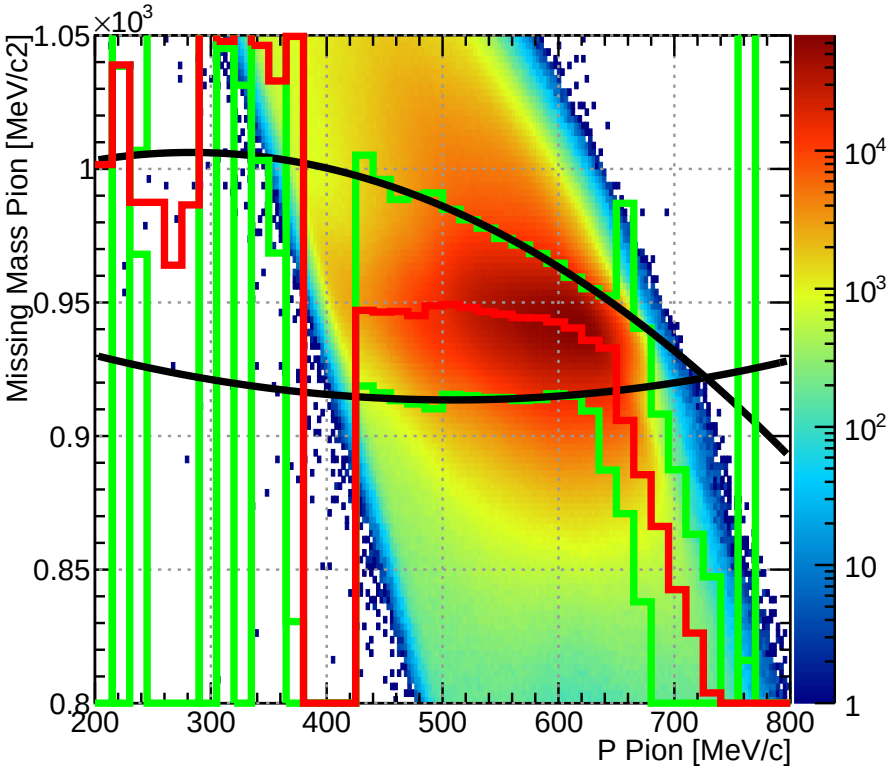
- first part: cuts, second part: efficencies
- left: PE, right: sim

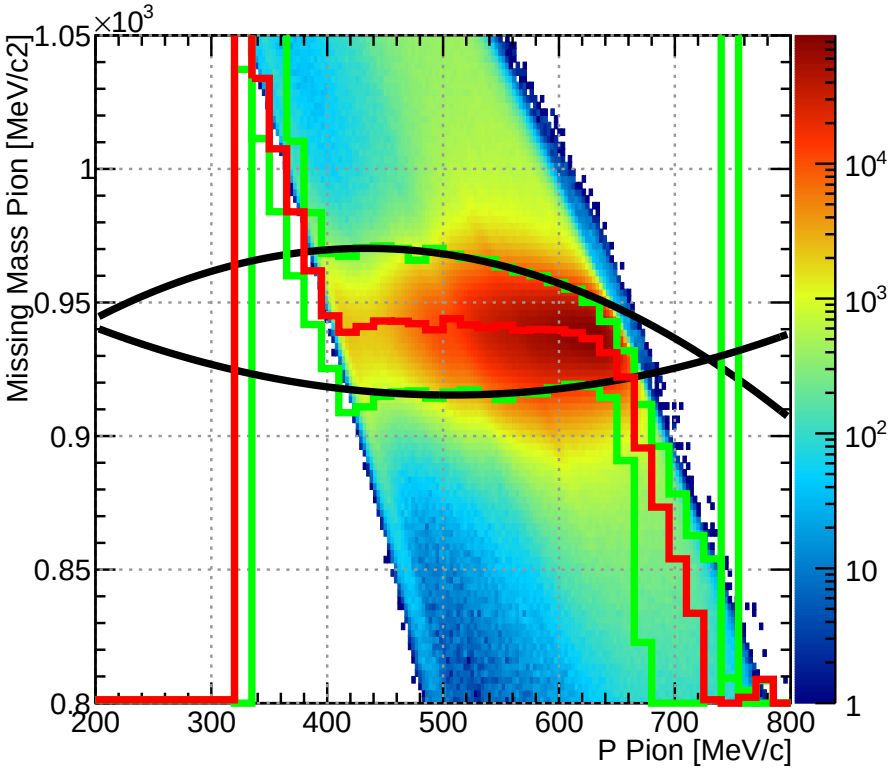
Missing Mass Proton with Phi Cut - PE EXP



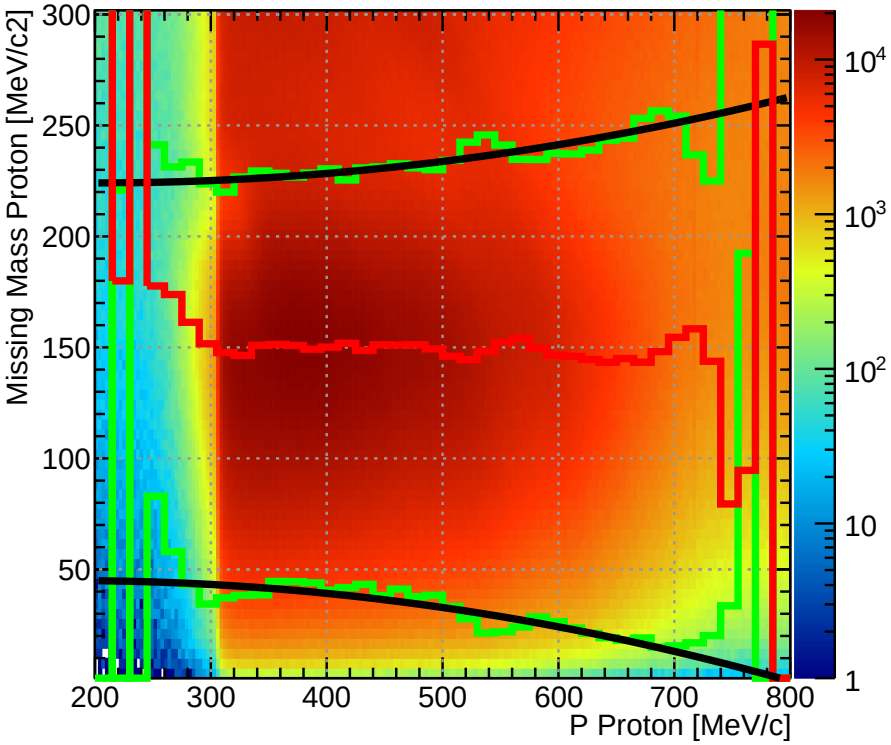


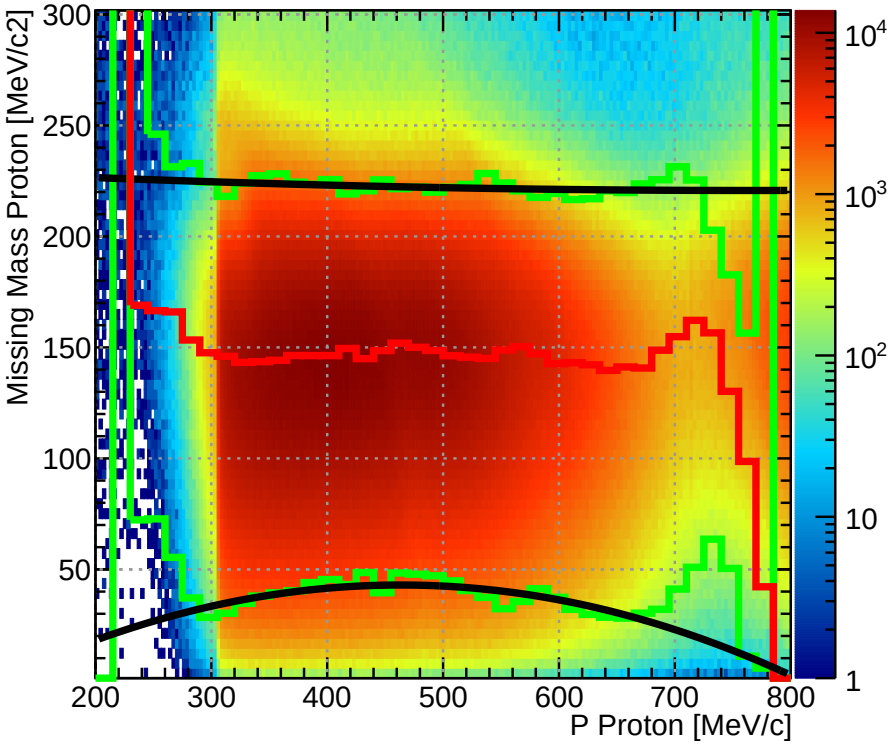
Missing Mass Pion with Phi Cut - PE EXP



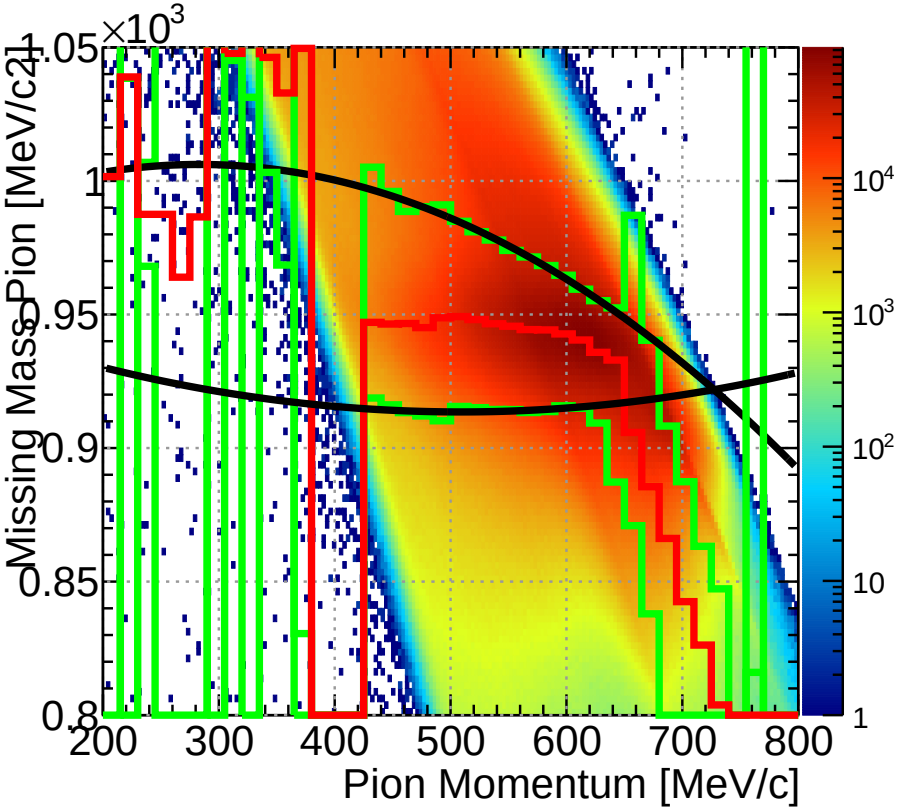


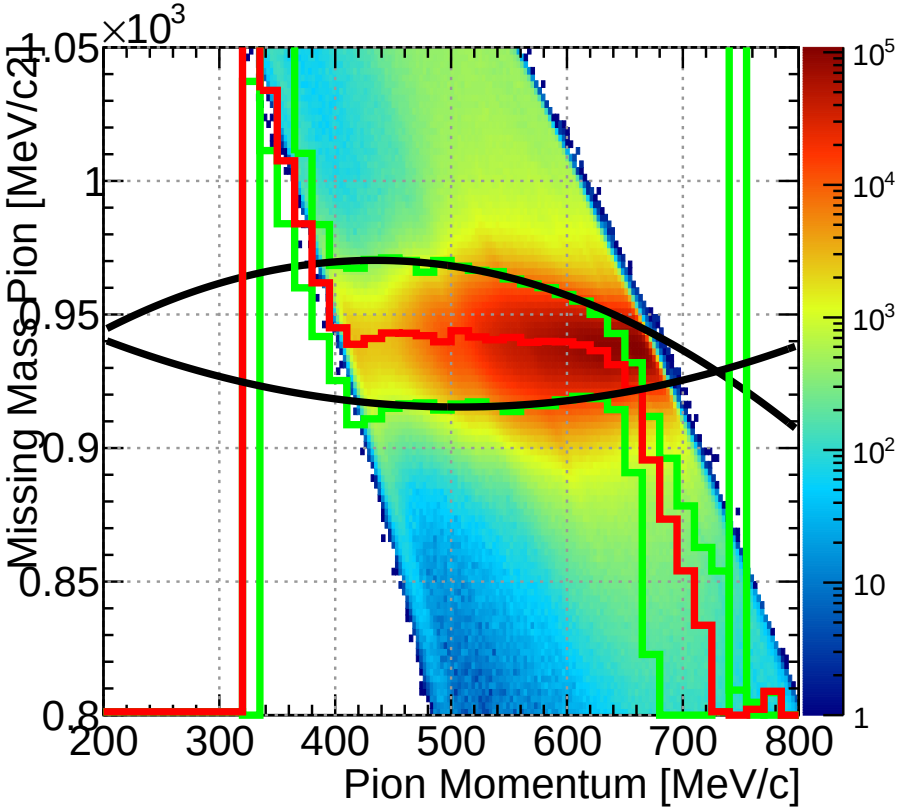
Missing Mass Proton without Phi Cut - PE EXP



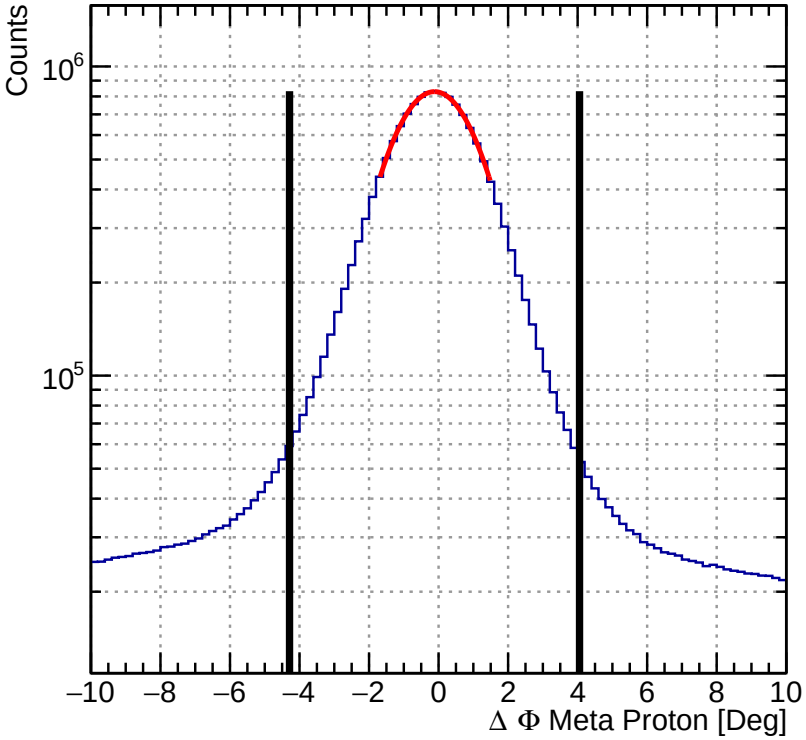


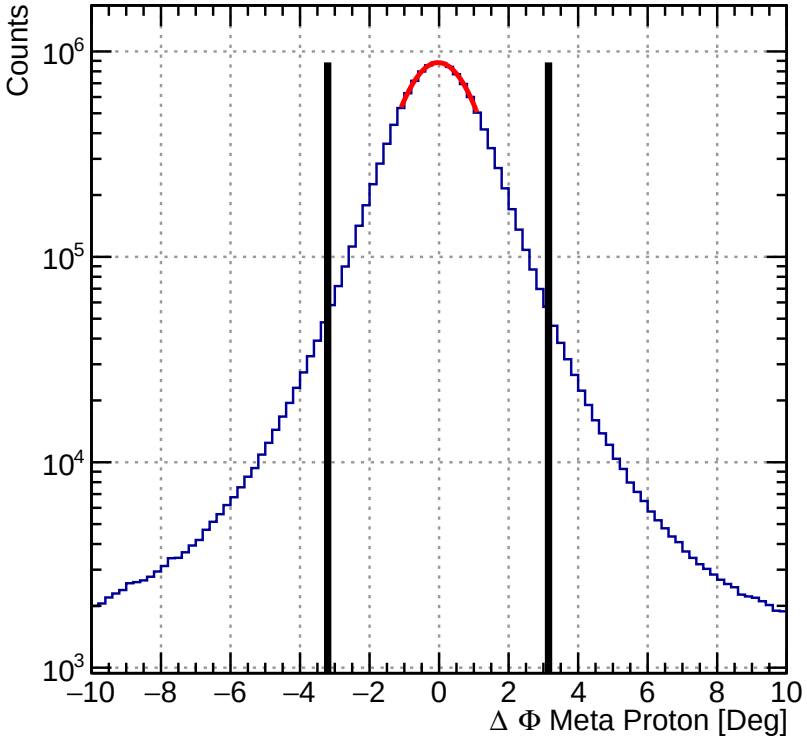
Missing Mass Pion without Phi Cut - PE EXP



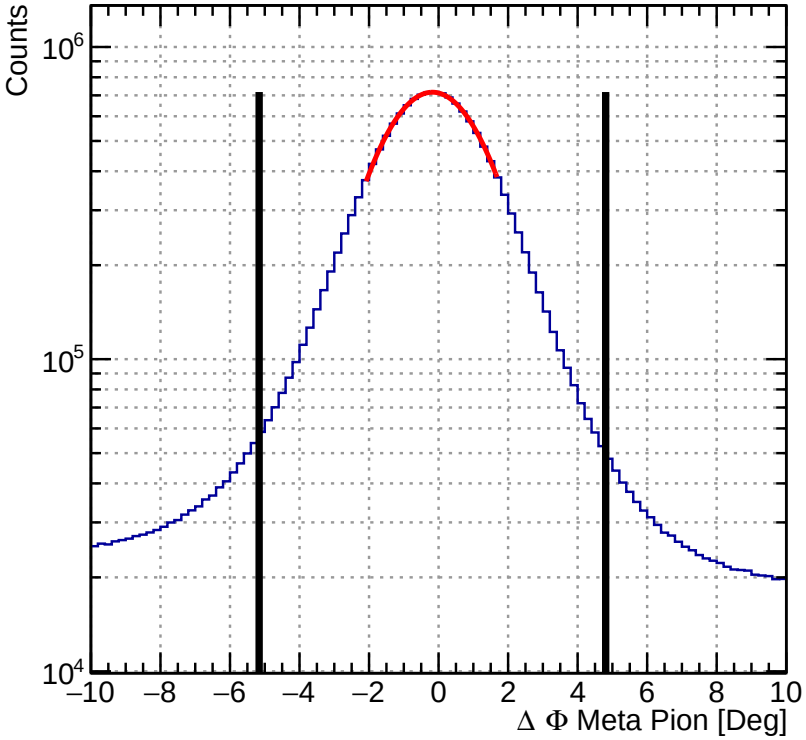


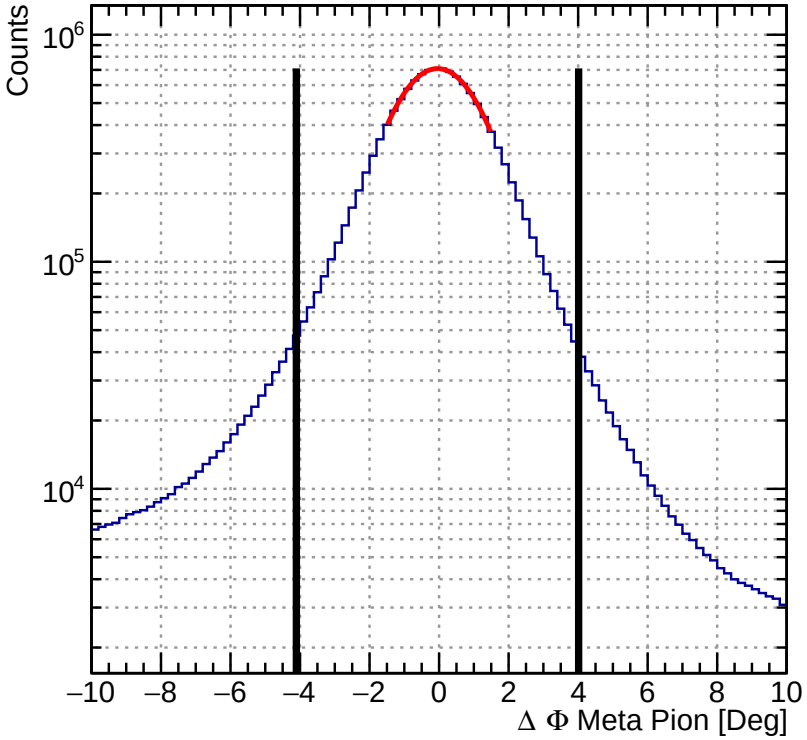
Delta Phi Meta Proton - PE EXP



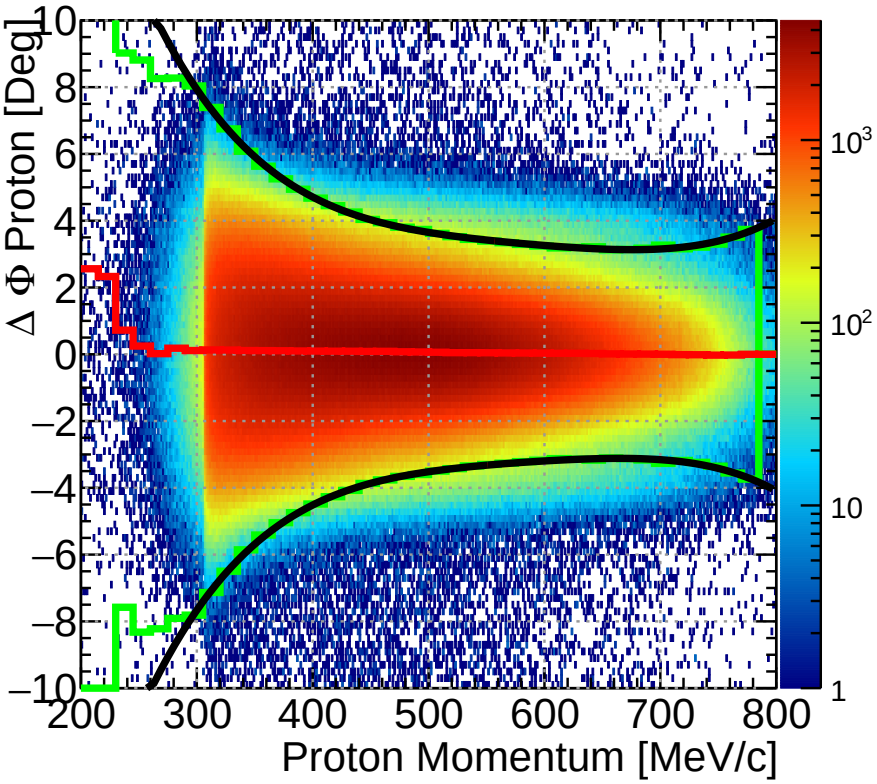


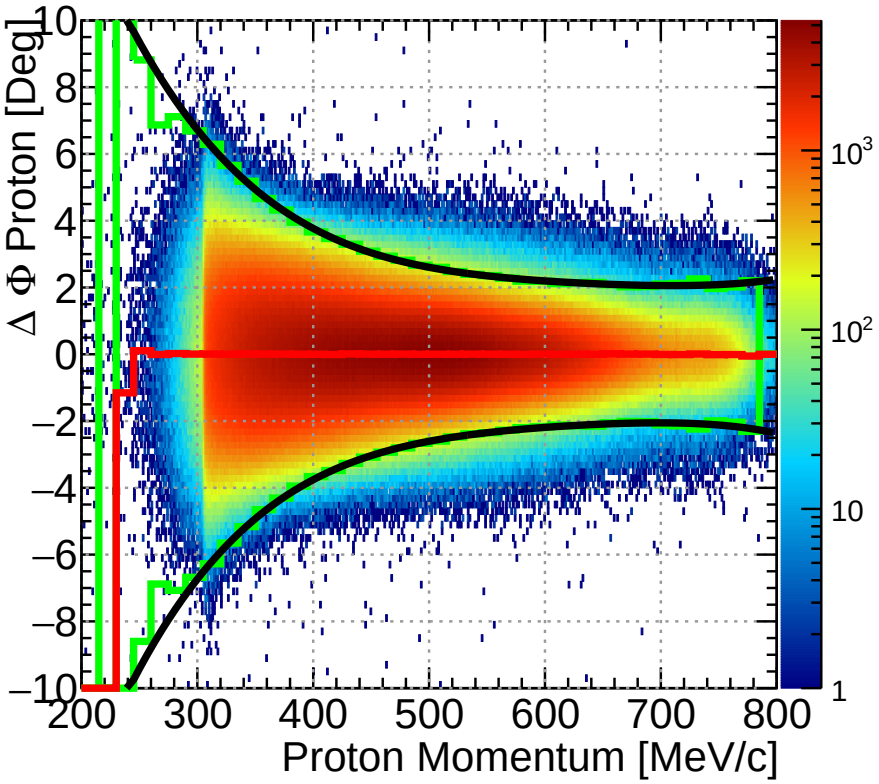
Delta Phi Meta Pion - PE EXP



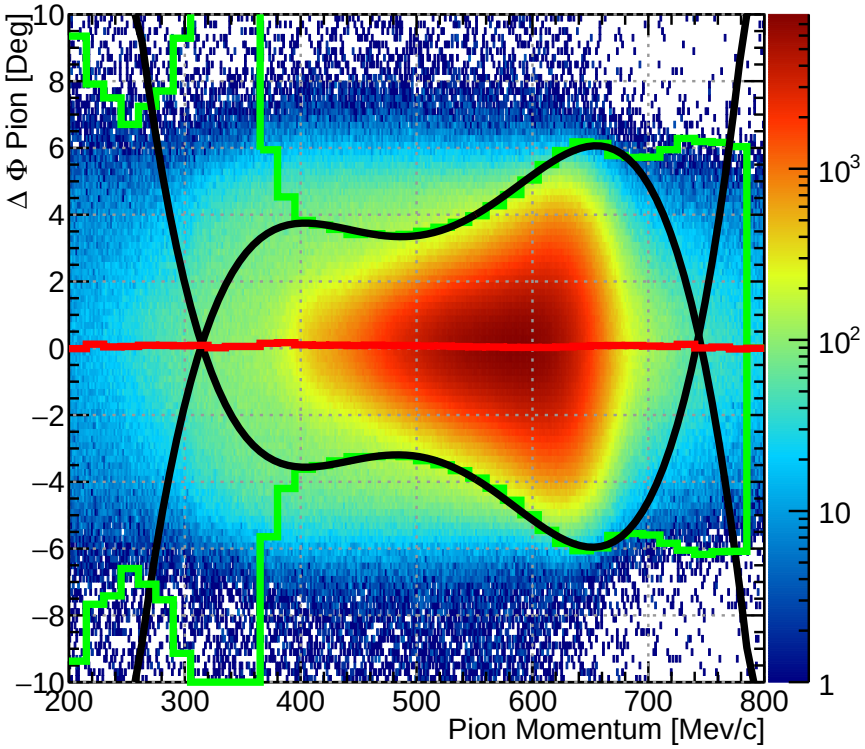


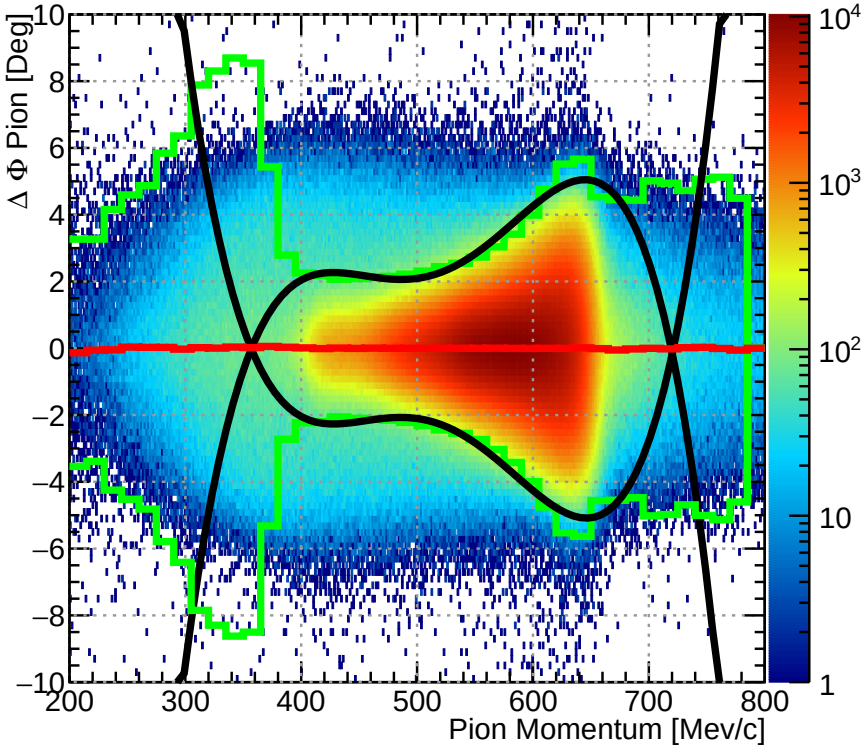
Delta Phi Proton - PE EXP



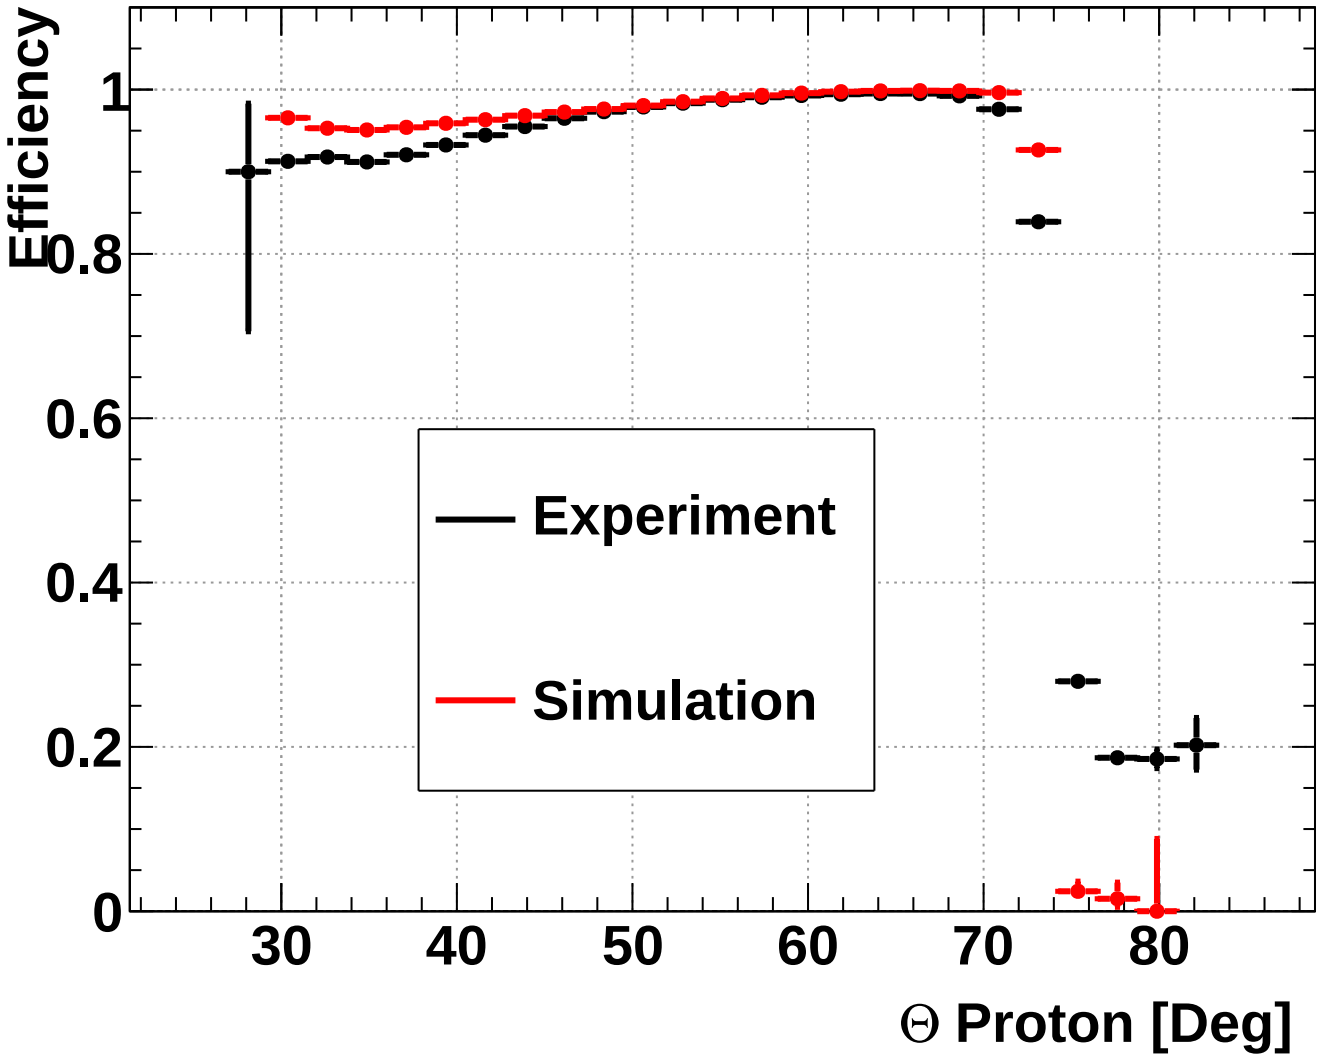


Delta Phi Pion - PE EXP

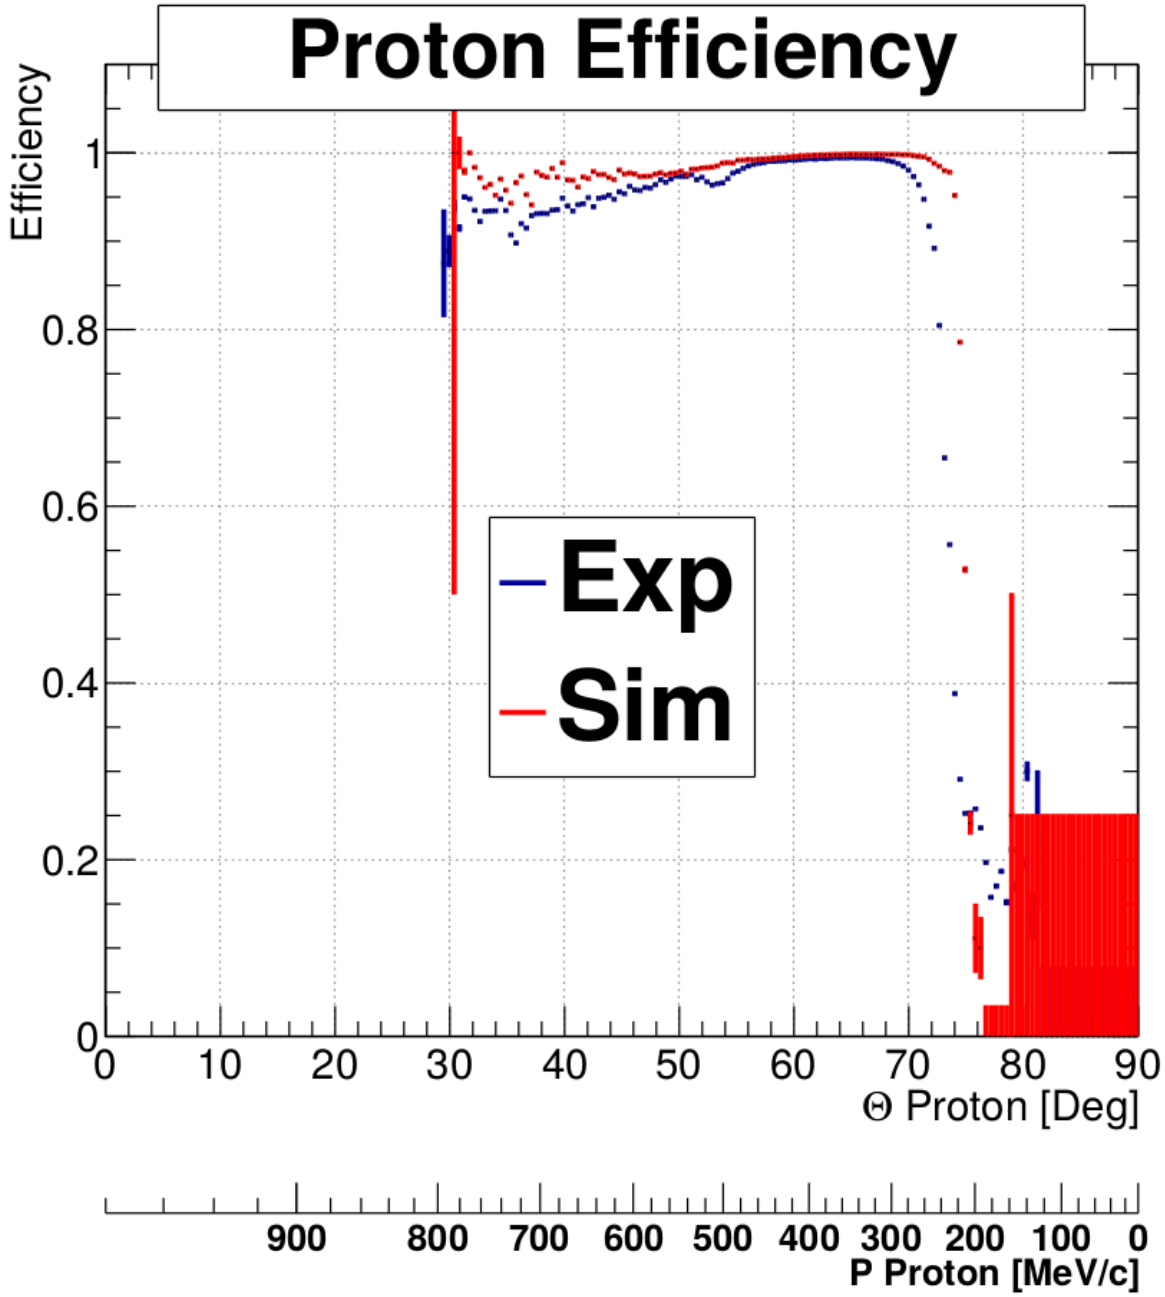




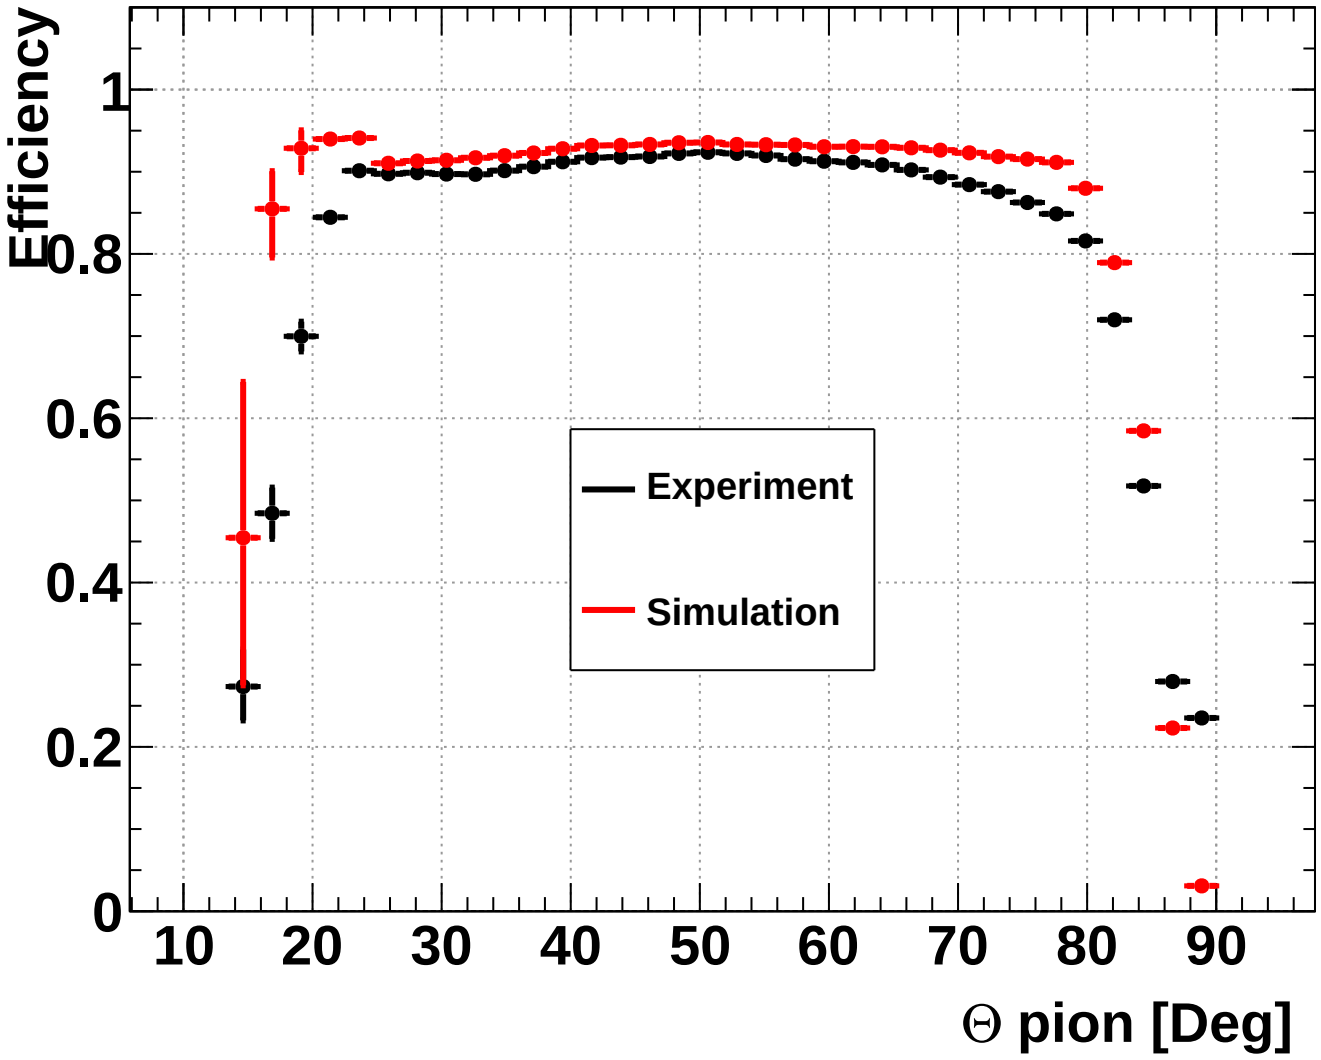
1-D Efficiencies Proton



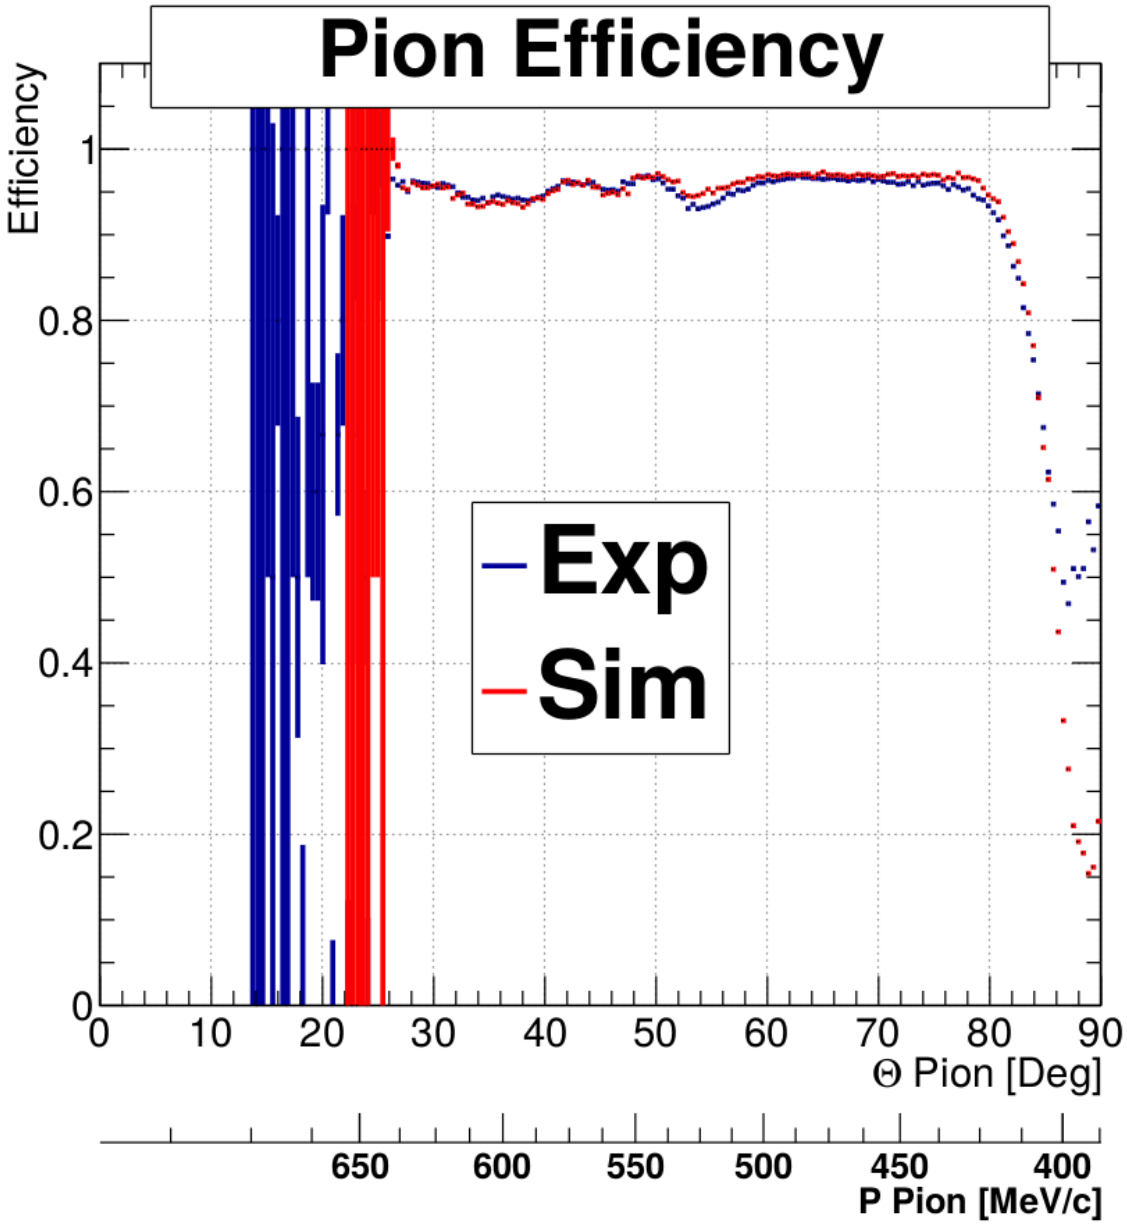
1-D Efficiencies Proton - Old



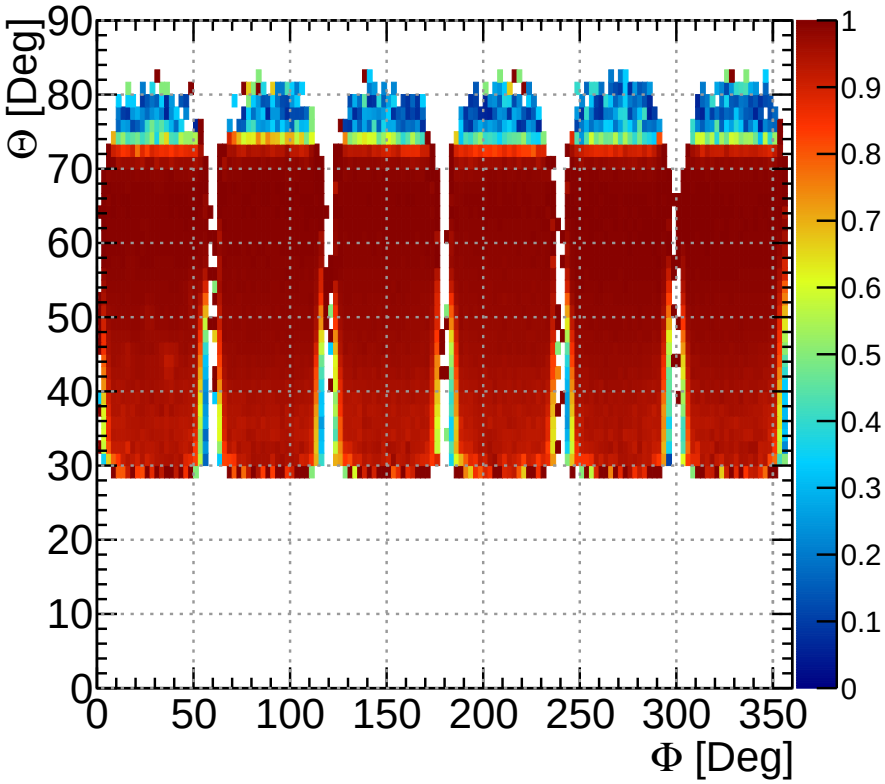
1-D Efficiencies Pion

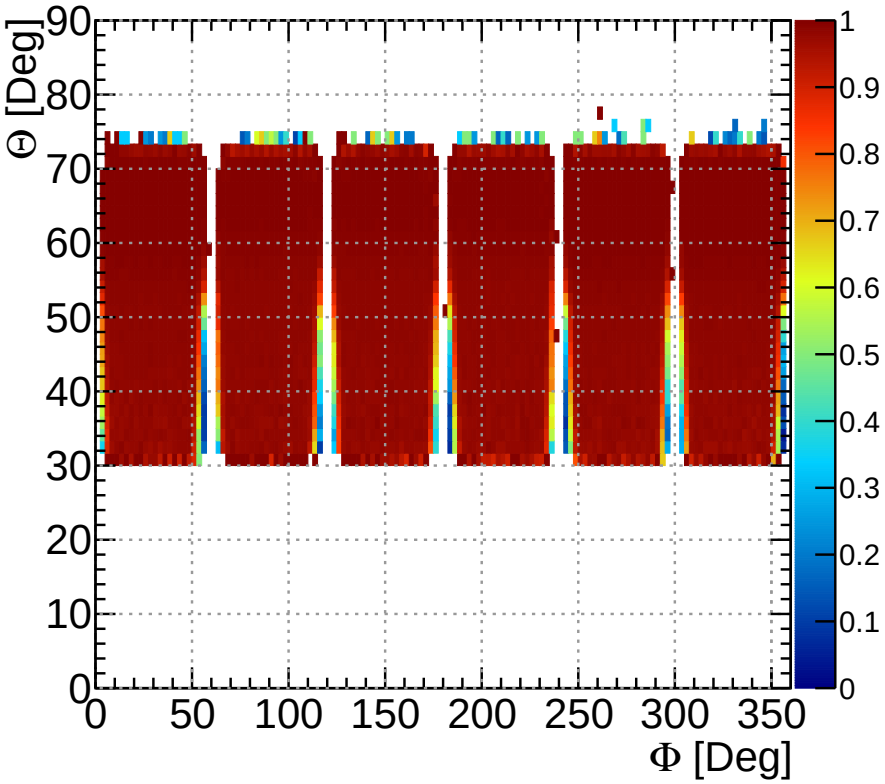


1-D Efficiencies Pion - Old

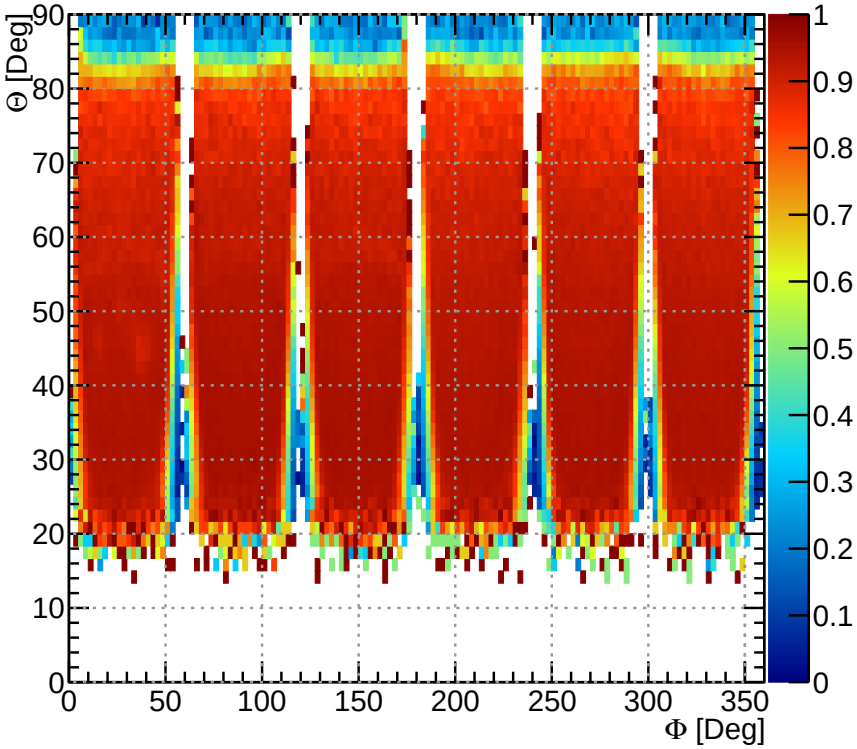


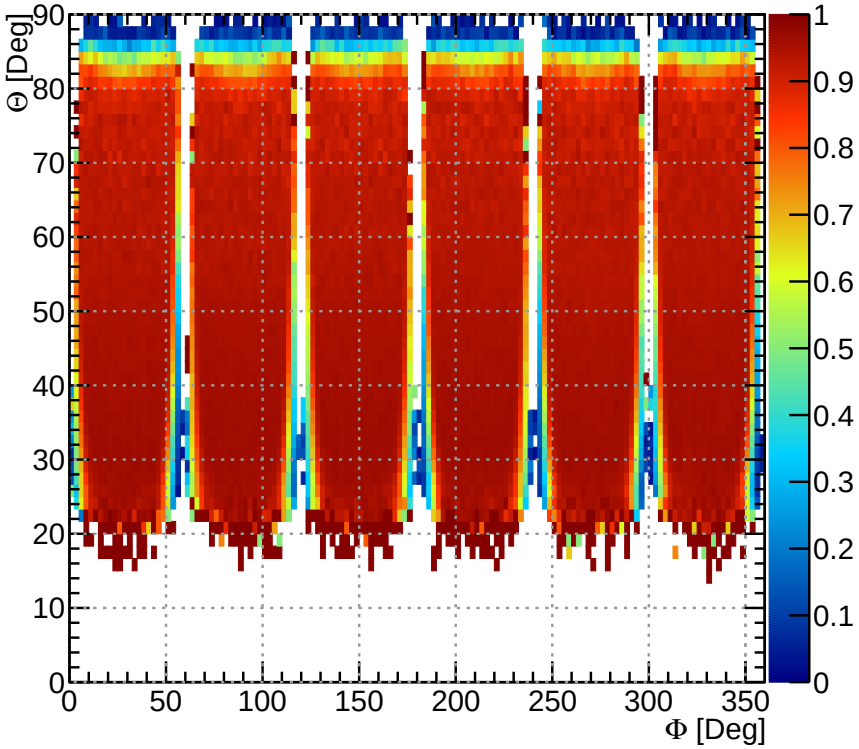
2-D Efficecies Proton



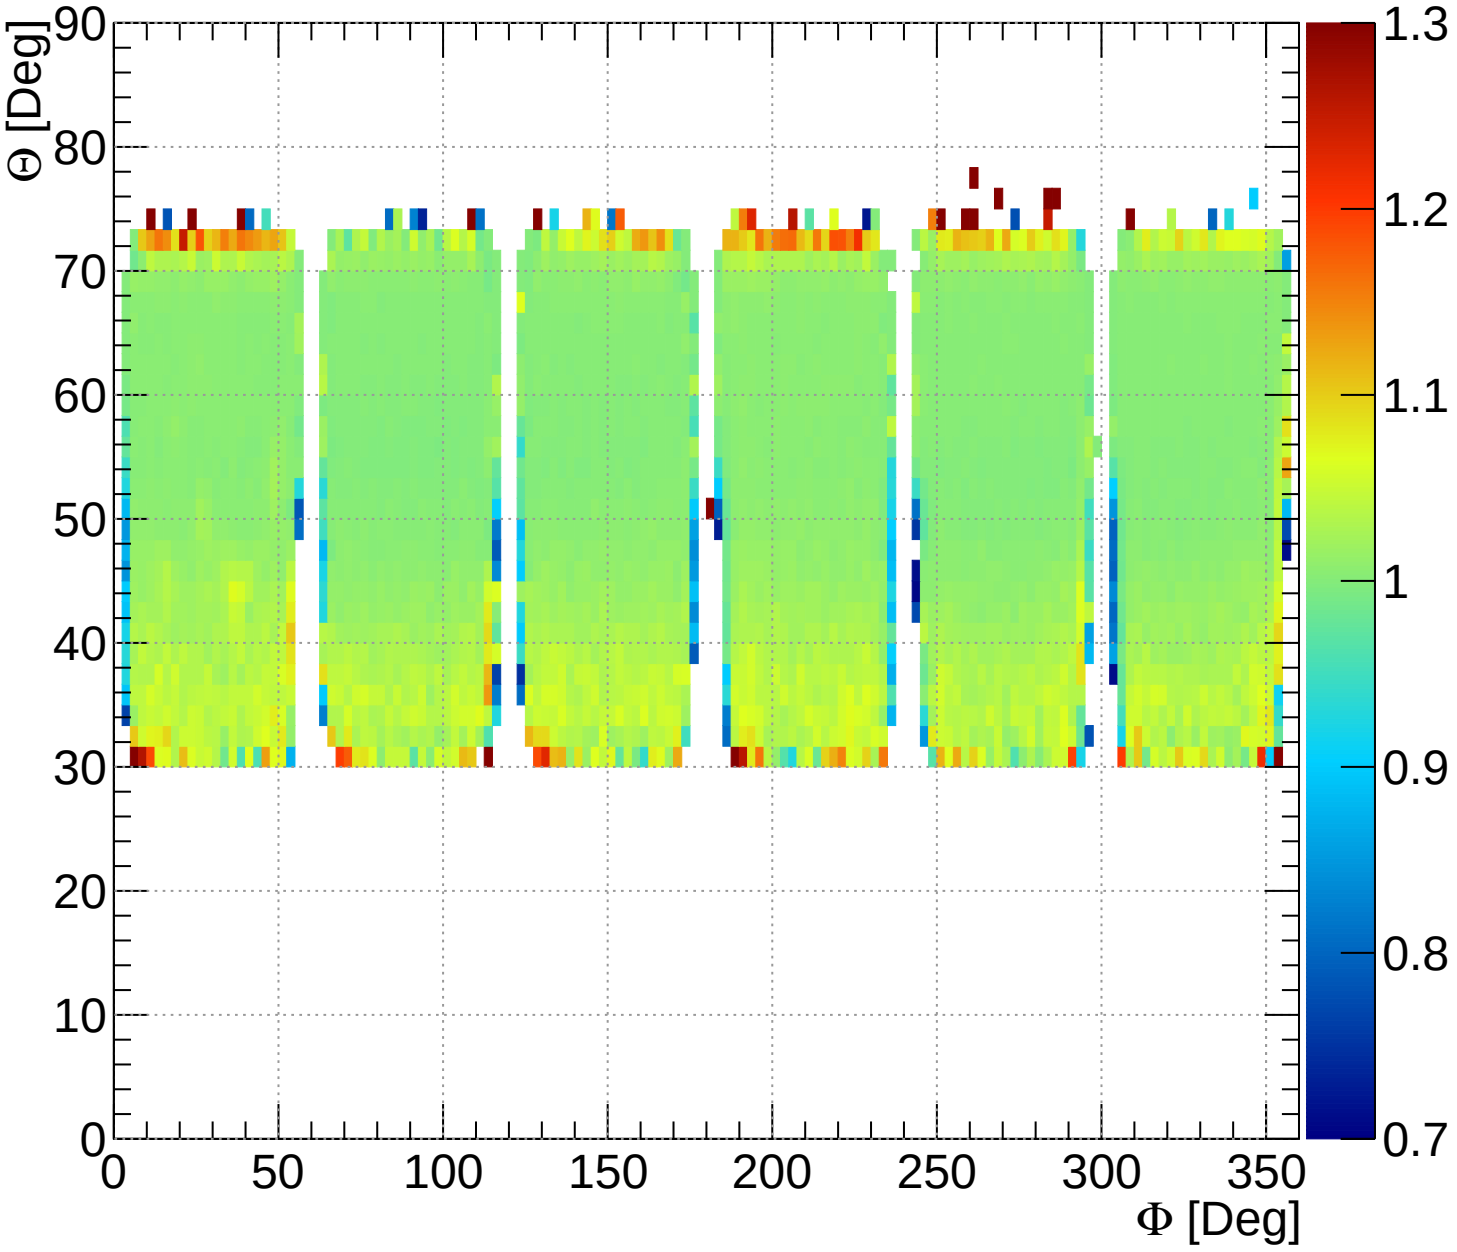


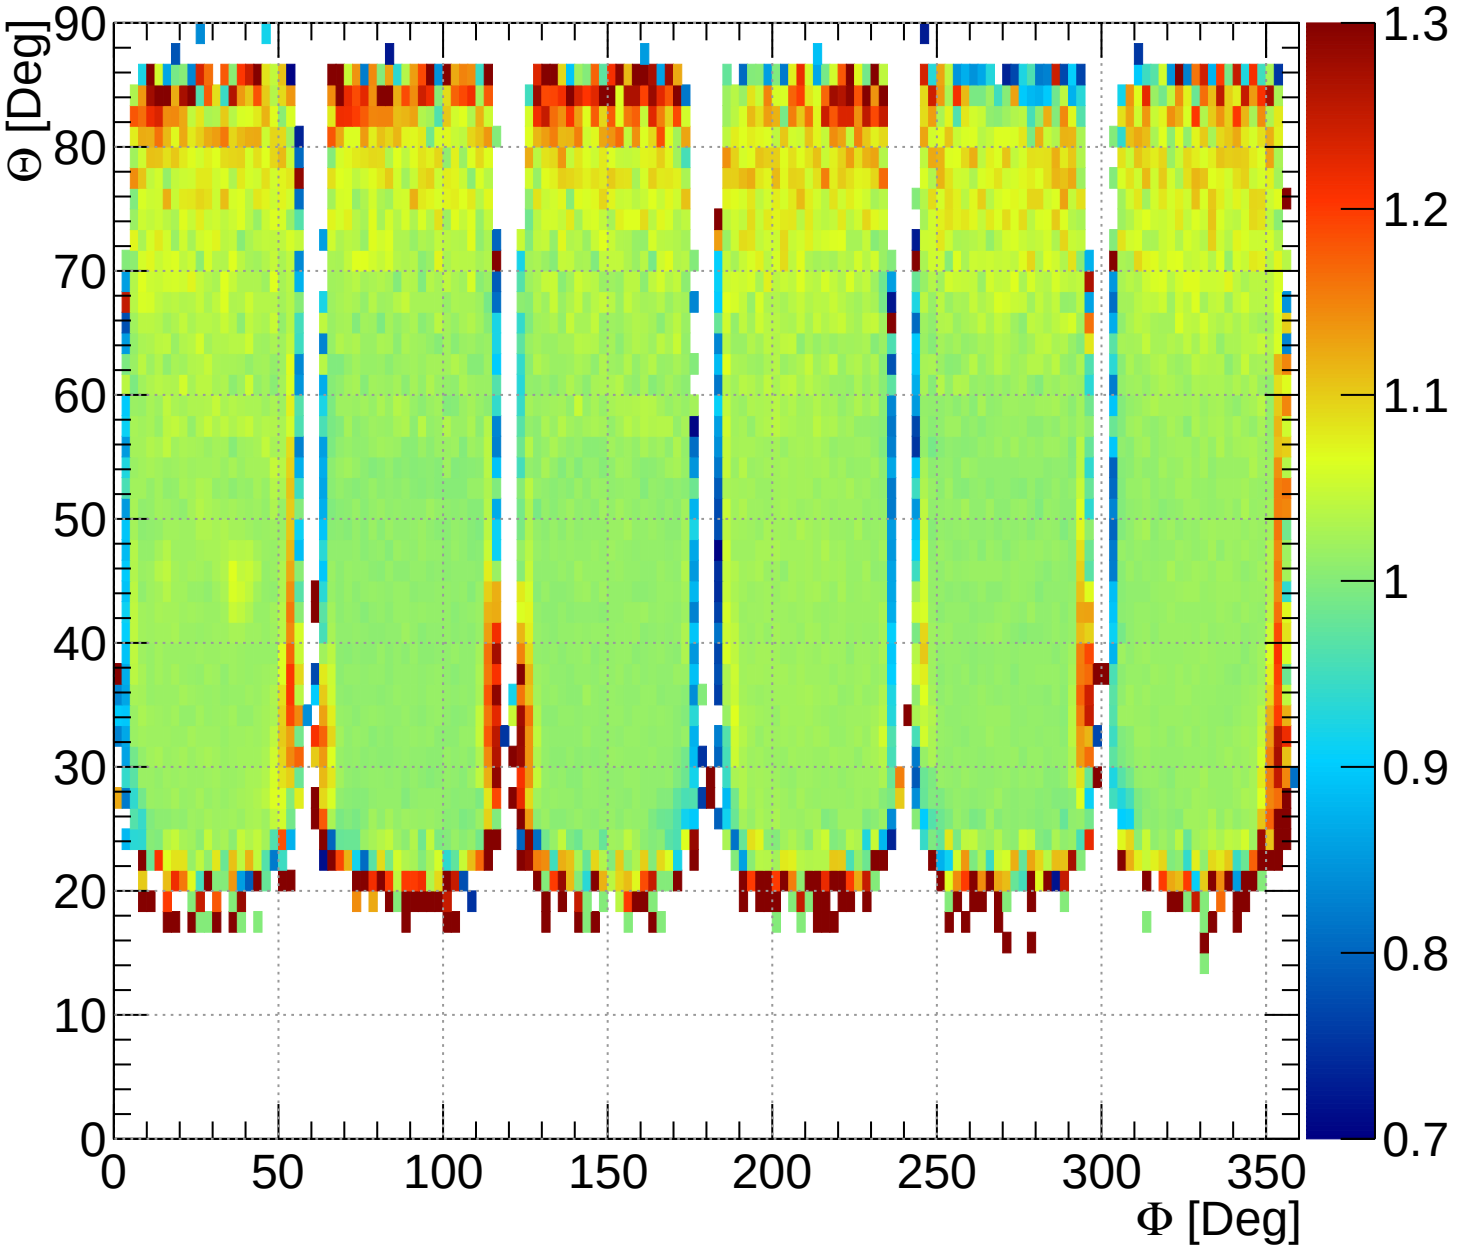
2-D Efficecies Pion





2-D Ratio of Efficiency Proton





2-D Ratio of Efficiency Pion
